## **W.J. MALONEY PLUMBING CHANGES NAME TO BETTER REFLECT SERVICE OFFERINGS**

W.J. Maloney Plumbing has changed its name to W.J. Maloney Plumbing, Heating & Cooling to better reflect the company's contracting and service offerings.

Kathryn "Kitty" Maloney-Langmade, company president, said W.J. Maloney has been a leading plumbing contractor in Arizona for nearly 50 years – but over the last two years added HVAC to its contracting and service mix and the new name is a more accurate description of the company.

"We have adapted to the changing marketplace," Maloney-Langmade said. "Our HVAC division handles both commercial and residential cooling and heating."

Founded in 1964, W.J. Maloney Plumbing, Heating & Cooling has worked with many of the largest general contractors in Arizona. The company has provided exemplary design build plumbing, from tenant improvement to complex multi-story projects that include many of the most prominent buildings in the Valley. Recent projects for W.J. Maloney include the Orthopedic and Spine Inpatient Surgical (OASIS) Hospital in Phoenix, the solar thermal project at the University of Arizona, the Sky Train Project at Sky Harbor International Airport and the Mariposa Land Port of Entry

expansion near Nogales. W.J. Maloney Plumbing, Heating & Cooling also provides extensive commercial and residential service, maintenance and repair, and is Small Business Enterprise (SBE) and Disadvantaged Business Enterprise (DBE) certified.
